Insert an Invisible Zipper Pull

on zipper chain

Inserting an invisible zipper pull is simple once you learn how. Really!

I have four simple steps for inserting an invisible zipper pull on zipper chain. Once you learn these, you'll be inserting them with no trouble!

I usually use a size #3 invisible zipper in pillows when I'm using home décor fabrics. However, upholstery fabrics are heavier in weight so in this case I use a size #5 invisible zipper. The steps for inserting the zipper pull are the same for either size.

Want to see this in action?

I also have a video to show you so you can watch as I do this technique. Start and stop the video so you can insert your zipper pull along with me.
